

CHEEKY II

11.2M AXOPAR 37 SUN TOP

CHEEKY II is a stylish and versatile 37-foot Axopar, perfect for entertaining guests on the water. Built in 2021, this super-modern vessel boasts innovative features and exceptional comfort. Her extended roof provides excellent protection from the elements while maintaining the open feel of the walkaround sides and aft deck. With capacity for up to 12 guests, CHEEKY II is ideal for day charters, transfers, corporate events, or as a support vessel to a larger yacht.

As a 2021 model with minimal use, CHEEKY II is in exceptional condition. Professionally maintained with a rotating crew, she is ready to impress. Currently holding a commercial survey for up to 12 guests, this yacht presents a rare opportunity to acquire a nearly new Axopar, as limited stock is available in Australia.
